Code	Title
EIMASTADAU	MSc Automotive Engineering

You can find full details of your course in the *Programme Specification*.

Important points

- Accreditation is a mark of assurance that the degree meets the standards set by the Engineering Council in the UK Standard for Professional Engineering Competence (UK-SPEC).
- Previous award has accreditation from the IMechE as meeting the further learning requirement for cohort intakes from 2016 up to and including, 2020. The same accreditation is being sought from the IMechE for the award for the 2021 intake onwards.
- Previous award has accreditation from the RAeS as meeting the further learning requirement for cohort intakes from 2016 up to and including, 2020. The same accreditation is being sought from the RAeS for the award for the 2021 intake onwards.
- The University of Hertfordshire has over 60 years' experience of teaching engineering, we have long-established links with the automotive industry. Our links within the automotive sector ensure that our courses are tailored to meet the needs of employers in this sector.
- Our industry partners take a keen interest in promoting and supporting our courses and facilities.
- This MSc focuses on the development of skills and advancement of knowledge in understanding alternative power train and fuel technologies, their impact on vehicle performance and environment.
- Appreciation of the need for the selection of materials, process and techniques for the structural analysis and the design and construction of automotive components such as body and chassis, in relation to vibration and vehicle dynamics is supported in this course.
- The programme is offered in full-time and part-time modes.
- Full-time students
 - Semester A (September) Entry in Option 1 is to include an early start of project module in a study pattern of semester A, B then C. It runs over one calendar year.
 - Semester A (September) Entry option 2 is to select a longer study time in a study pattern of semester A, B then A. It will run for a period of 18 months.

- Semester B entry in January runs over 18 months with a pattern semester B, A then B.
- Identical modules will be studied on both September and January intakes.
- In a part-time mode, the programme is normally offered in 3 years with identical modules studied with the full-time students.

Academic Year

Academic Year 2021 – 2022

The University's academic year is made up of 3 Semesters. Normally most undergraduate programmes use Semesters A and B, additionally postgraduate programmes and specific undergraduate programmes use Semester C. Each of these is made up of teaching weeks followed by exams (the re-sit period falls within Semester C).

- Semester A runs from Monday 27 September 2021 to Friday 21 January 2022
- Semester B runs from Monday 24 January 2022 to Friday 13 May 2022
- Semester C runs from Monday 16 May 2022 to Friday 09 September 2022

Additional expenses
